UTAH STATE OFFICE OF EDUCATION LICENSURE PROGRAMS

The Utah State Office of Education offers the following alternative licensure programs that lead to a Utah Professional Educator License.
www.schools.utah.gov

- **Alternative Routes to Licensure (ARL)**
This is a program for individuals with a bachelor's degree in a subject area taught in Utah schools, who would like to teach in Utah, but have not completed a teacher preparation program.
<http://www.schools.utah.gov/cert/apt/>
- **Career and Technical Education Alternative Preparation (CTE/APP)** This program is for individuals whose backgrounds are in business, trades, and industry.
<http://www.schools.utah.gov/cert/apt/>
- **Foreign Credentialed Educators (FCE)**
Educators who have received teaching credentials outside the United States are eligible to enroll in this program to obtain a Utah Professional Educator License. For more information, contact Amanda Charlesworth at 801-538-7648.
<http://www.schools.utah.gov/cert/apt/>
- **Troops to Teachers (TTT)** Eligible military personnel can enroll in this program to begin new careers as public school teachers.
<http://www.schools.utah.gov/cert/apt/>
- **Utah Transition to Teaching Alternative Preparation (UTTAP)**
This is a federally funded program designed to train, place, and support new teachers in Duchesne, Grand, Ogden, Piute, and San Juan school districts.
<http://www.schools.utah.gov/cert/apt/>

*Courses in this brochure are only for participants in one of these programs.

EDNET BROADCASTING LOCATIONS

ARL courses are delivered through the Utah Educational Network System (EDNET). Courses are broadcast/televised to multiple locations throughout the state at the same time. The instructor teaches students from the broadcast site, as well as students in other locations using cameras that enable the instructor and students to see and hear each other.

Blanding, UT 84511
Phone: (435) 678-1301

Tooele School District - (Site to be determined)

Washington School District - (Site to be determined)

TECHNOLOGY REQUIREMENTS

Salt Lake Community College (SLCC) courses are offered through a distance education model using WebCT. Students should be computer literate so they can work independently. It is imperative that program participants have access to a technology system that integrates with the system at Salt Lake Community College.

Streaming

ARL courses are interactive and create an environment in which teachers learn from others. To optimize learning, it is in the best interest of program participants to attend one of the broadcast sites which are located at Salt Lake Community College's Redwood Campus, Ogden High School, or Payson High School. Streaming can be used to reach distance learners who live in rural areas who can not travel to a broadcast site.

1. Determine Courses You Need

Consult your Professional Growth Plan and determine which teacher preparation courses you need. If you do not have a Professional Growth Plan, contact the person in charge of your alternative licensure program. Use the schedule on page that lists classes that will be offered in the summer to help you plan.

2. Apply to Salt Lake Community College (SLCC)

To take classes at Salt Lake Community College you must first apply for admission. Applications should be submitted online on the college website which is www.slcc.edu. Click on "Prospective Students," then click on "Enrolling at the College," finally click on "Apply Now." Follow directions for on-line admissions. This must be completed before calling to register for classes. There is a \$35.00 non-refundable fee.

3. Register for Courses

To register for SLCC contact Jan Bell either by phone at 801-957-4107 or e-mail jan.bell@slcc.edu. You will need to know the EDU course number, CRN number, and the site. Jan Bell can process tuition payments when you register for classes. You may begin registration on December 11 at 8:00 a.m. Enrollment will be limited to 30 students per course offering and registration will be accepted on a first come first serve basis.

4. Pay tuition

Tuition for the Alternative Routes to Licensure classes is \$320 for each three credit semester course. Tuition is due by January 17, 2007 (late fee is \$50.00). If registration occurs after January 17, 2007, tuition is due at the time of registration.

SPRING 2007 COURSES

The required core competencies, or pedagogical courses, are restricted to participants enrolled in the Utah State Office of Education's alternative licensure programs. These classes are not available to the general public.

Creating a Learning Environment

Students will focus on how children learn and develop. They will gain knowledge to provide learning opportunities that support students' intellectual, social and personal development. The teacher will discover how to use an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Creating a Learning Environment

Course number: EDU 2820
 Credit: 3 semester credits
 Time: Mondays, January 22 – April 23
 5:00-8:00 p.m.
 Tuition: \$320 per ARL course
 Instructor: Denece Johnson,
 Final Exam: April 23, 2007

Locations and CRN Numbers

- Salt Lake Community College, South City Campus, Room W 395 - CRN # 25800
- Ogden High School - CRN # 25801
- Payson High School - CRN # 25802
- St. George – CRN # 25803
- Tooele – CRN # 25804
- Streaming – CRN # 25805

Instruction, Technology, Assessment, & Planning

Educators will focus on creating unit plans, developing lesson plans, and breaking large concepts into smaller concepts, along with various methods of inquiry. Teachers will learn to use a variety of instructional strategies to encourage students' development of critical thinking, problem solving, and performance skills. Formal and informal assessment strategies will be covered to help teachers evaluate and ensure the continuous intellectual, social and physical development of the learner. Technological techniques which foster active inquiry, collaboration, and supportive interaction in the classroom will also be covered.

Instruction, Technology, Assessment, and Planning

Course number: EDU 2800
